Several ~~enquiries~~ depts tried to trace, and the file was submitted to here for orders. He had said he would take the file personally to Mr Dewan and have it settled. The whereabouts of the file since then are not known. The brass diary ~~does not show further working~~ does not show further working. I enquired ~~in~~ about it in the Dewan Office, Confidential Br, and the Office Br to no purpose. I enquired myself Lindoff in the Dept whenever there was a reference in the matter, but he could not definitely say where he had send the file. All efforts to trace the file have resulted in failure.

Sir,

The Typewriting machine of this office bearing No. 9 Oliver is the one which was supplied when all the Sub Division offices were supplied with machines of this kind. Owing to long use some essential parts were out of order and were now and then got repaired or replaced by the local repairers, meeting the expense out of the imprest of this office. As the useful parts and letters are all worn out and as the machine is no longer worth while repairing and renewing and since it will be more conducive for uninterrupted work and cheaper in the long reen to go in for a

I request that this machine may be ordered to be locally sold and a fresh one supplied to this office very early.

With reference to your letter No.G.4760-7/G.M.33-29-50 dated 12th December 1931 enquiring why two typewriters should not be withdrawn from this office, I have the honour to state that atleast two machines are absolutely necessary for getting through the large number of statistical statements, accident reports and heavy correspondence of this office. Two machines are in constant use. The other machine Remington No.10 - an old one - which is sparingly used, requires some repairs and may be withdrawn, if required.

Sir,

Typewriters.

In reply to your letter No.G-4768-70/G.M.33-29-51 dated the 12th instant, I have the honour to state that the total number of stenographers and typists working in this office at present is 9. Out of the eleven typewriters we have, one is a portable machine, as already stated, and we have a big carriage machine exclusively meant for typing big statements, and as such it is not possible to surrender two typewriters as suggested in your letter under reference.

2. As regards the withdrawal of a typewriter from the office of the General Superintendent, Sivasamudram, out of the three machines, one is a big carriage typewriter used exclusively for typing long statements and one is used by the Time-keeper there for typing letters, etc: in addition to the work done by the stenographer, who has a typewriter for the normal work.

3. The Chief Line Inspector has got only one typewriter for his office use and another portable machine for camp use, and hence it is not possible to withdraw a typewriter from his section also.

With reference to your letter NO: G.4760-7/G.M.33-29-50 dated the 12th December 1931 enquiring why one of the Typewriters of this Office should not be withdrawn, I have the honour to invite your kind reference to this Office letter NO: C.354/30-31 dated the 13th September 1931 addressed to the Chief Secretary in which full details of all the machines available in the District and the subordinate offices are furnished. Of the 7 machines, in the District Office, one is in use in the District Treasury and out of the remaining 6, 2 are quite ~~unserviceable~~ unserviceable and 2 are in working order, the other two requiring repairs though in use now and then. The Typewriters in the Sub Division Offices have grown old and require renewal. It was on account of this, that I proposed the purchase of two Typewriters out of the contingent grant last year but the purchase was not sanctioned as the supply of the typewriters from the Economic Conference Office was under consideration (vide D.O.NO:7073/L.R.51-30-47 dated 29-6-1931). The 4 old ones, that are unserviceable, may be ordered to be sold in public auction and a new machine ordered to be purchased for use in the District Office out of the proceeds realised in the sale and the contingent grant sanctioned for this year. If desired, I shall send the 2 unserviceable ones to Bangalore, as no others can be spared considering the volune of work

to be turned out.

Sir,

TYPEWRITERS.

With reference to your letter No.G-7428/G.M.33-29-54 of the 16th instant, requesting to forward a Typewriter to the General and Revenue Secretariat out of the eleven typewriters in use in this office, as it is considered sufficient if 10 machines, including the brief size one, are retained for the use of 9 typists and steno-typists, I have the honour to state that as already stated it is not possible for us to spare a machine since we have no extra machine to be spared.

Besides the nine typewriters for the Typists and Steno-typists, we have a big carriage machine exclusively meant for typing big statements and a Portable Typewriter for use in camp work, and as such we have no machine to spare from this office.

SIR,

With reference to Government Order No: G.7429-30/G.M.33-29-55 dated the 16th March 1932 sanctioning the proposal to dispose of the 4 unserviceable Typewriting machines by public auction and stating that a spare typewriter will be supplied from the General & Revenue Secretariat for use in this office, I have the honour to state that necessary action will be taken to sell the unserviceable typewriters. In the meanwhile, I request to be informed whether a good Oliver No:11 Machine with sufficiently big carriage viz., 130 degrees is going to be spared from the General & Revenue Secretariat for use in this office as such a machine would be very useful in getting through the heavy work in the typing section and as there will remain only two Remington Typewriters(one Portable and one Foolscap size) after the unserviceable ones are disposed of.
